—Deleice F., from Boise.

"The most exciting part of helping Shawn, with his smile transformation was seeing his excitement and confidence sky rocket instantly. That's the best part of my job!"

—Dr. Jayson Clark

This beautiful lady who will remain anonymous came back to our office a few weeks after getting her new smile and said with great excitement, "A stranger complimented me on my smile. That's never happened before!"

My Grandma Clark was a gourmet cook. Back in 1999 just prior to her passing, my wife Jannie and I visited her. My Grandpa slipped us an old shoe box, packed full of her treasured recipes collected over her lifetime. Jannie and I spent the next 3 years creating a huge 357 page recipe book in her honor. There are now 535 books in print! I decided to share some recipes with you each month as "Grandma's Recipe of the Month". Enjoy, -Dr. Taylor

Welcome Ryan L. Olson DDS!

We are excited to announce the addition of Dr. Ryan Olson to our growing team! Dr. Olson is new to the Treasure Valley area, but not new to dentistry. He received his doctorate of dental surgery in 2008 from Virginia Commonwealth University. He completed his undergraduate studies at BYU-Idaho and Idaho State University.

Following dental school graduation, he completed a one year residency in general dentistry at Ft. Jackson, South Carolina. There he became proficient in multiple disciplines of dentistry including wisdom teeth extraction, implant restorations, root canal therapy, crown and bridge treatment, cosmetic dentistry and periodontal surgery.

In the summer of 2013, he and his family moved from Fort Hood, Texas after serving our men and women in the US Army for four years. He is very happy to be providing excellent dental care for adults and children in the Treasure Valley. Dr. Olson and his wife Sara have been married for 12 years and have five wonderful children.

Making a Difference!

We'd like to recognize Stewart and Deb Wilder for their very proactive response to such a heart wrenching life event this past year. They lost their beloved son Cam Wilder to suicide. We loved seeing Cam in our office and will greatly miss him. Since then, the Wilder's have been relentless in their pursuit of suicide prevention locally and nationally. They've been vocal with media appearances and educating the public on this real and serious issue. They are saving lives and we commend them for it!

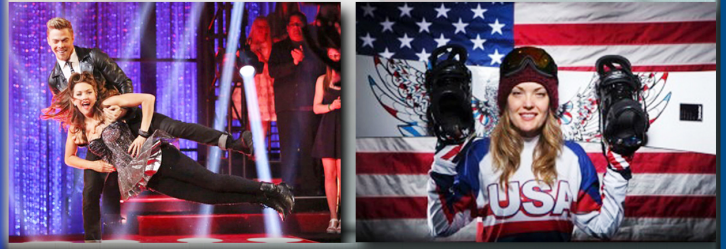

A Special Story by your Hygienist, Brian Halle, RDH

About a month ago this little guy was in the office getting his teeth cleaned. His mom was concerned because he's 8 yrs old and still sucks his thumb. We asked him if he was ready to quit and he said no. I made him a bet that if he goes two weeks without sucking his thumb, I'd have a really cool surprise for him. I followed up with two phone calls and a handwritten note. He called me two weeks ago and said he was successful. He came in to pick up his special surprise which was a remote control car the I purchased for him. Look at that smile! I bet his parents are even more excited than he is!

Congratulations Amy!

The other day we noticed one of our patients on the window at the gas station just down the street from the office. Amy Purdy was just in the office before the Olympics and was sharing with us her aspirations of success in Sochi. She not only made the National Paralympic Snowboarding team, she won the bronze! She is now dazzling the nation on the hit show Dancing With the Stars. She recently brought the audience to tears when she shared her story about overcoming her adversity of having both legs amputated due to complications of meningitis. Way to go Amy!!

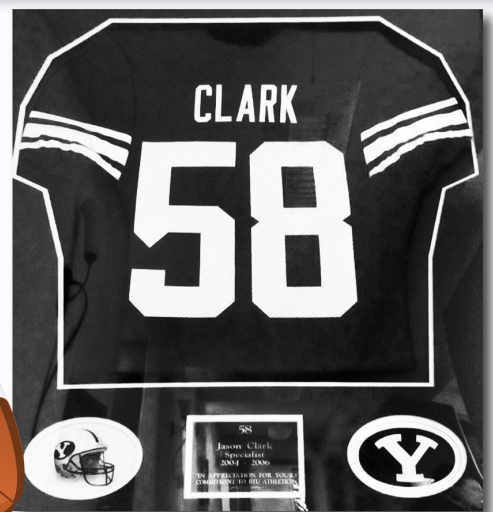

What Patients Are Saying!

Better than the salon
I am a former dental hygienist. I have seen a bazillion dental offices in my day. I am also a dental patient. I have undergone dental treatments in other dental offices. All About You Dental is by far the most impressive dental facility I have ever experienced. I could write a book on how wonderful this office is, but I will just list a few key points that I consider to be outstanding: The warm and friendly staff who make me feel very relaxed including the front office staff, the Dentist and the Hygienist who always greet me by name even though I sometimes forget theirs, the up-to-date technology, the thorough, gentle, and excellent care I receive, the reasonable cost, the zero amount of wait time, the efficiency of the treatment process, and every time I leave there, I am smiling. They are hands-down the best dental office on every level that I can think of.—Lorna K.

So happy with this dentist!
I've been a patient at All About You Dental for about 7 years now and I love it. Brian (my dental hygienist) and I always have so much fun teasing each other, I look forward to my cleanings and I don't know a lot of people who can say that! I've also had a lot of dental work within the last 3 years and unfortunate for me still need more but I don't stress because I know it will be done by the best! I love All About You Dental! —Jessica M.,

DID YOU KNOW??

Dr. Jayson was a starter for the BYU Football team that won the Mountain West Conference Championship his senior year in 2006. The coaches and players voted him the "Unsung Hero" that year. His wife Julianne was on the Cougarette drill team that won the National Championship that same year!
