**Dr. Jayson** – He had a lot of fun staying up late with his brothers and sisters while watching movies, eating popsicles, and reminiscing of the good times.

**Brian** – His living room looked like a toy store during Christmas. He enjoyed watching his kids play in the obstacle course that he put together during the holiday break. His favorite present was the new baby!!!

**Alicia** – Had a wonderful time getting Christmas gifts for the family. She enjoyed watching her boys learn how to maneuver through their new Kindle Fires!

**Nikki** – Spent the holidays with family in Jerome and Fairfield. She had a blast watching her 2yr old daughter trying to figure out what Christmas was all about!

**Kristin** – She was surprised when her daughter asked Santa for an unexpected gift two days before Christmas. So for the New Years, the New Years baby had to bring it to her instead of Santa.

**Jerica** – She has a blast visiting family in Burley and enjoyed watching all the little ones excitement during the holiday season!

# JANUARY FEBRUARY

## PATIENT OF THE MONTH

We are happy to announce that Bill Kirk was voted patient of the month for January/February. Bill is very unique and he is someone that is always up for a challenge or willing to try something new; whether it is skydiving (which he loves) or sushi (which he doesn't love) he will try it. He loves spending time with his wife and kids, fly fishing and riding his Harley Davidson motorcycle. One big challenge he undertook was to quit smoking. He had been a smoker for 23 years. So far he has been up to the challenge and since then he can't begin explaining how much better he feels, not to mention how much his health has improved. If anyone is interest to quit smoking, Bill is willing to volunteer his time and experience to help them too. If you are interested, you can contact our office and obtain his personal email and phone number.

Since becoming a patient of All About You Dental, he has gotten back on track with his regular 6-month cleanings and has since learned how to love his smile again! Bill said he really enjoys the new massaging dental chairs and being able to watch a movie during his dental appointments. He also appreciates how the doctors and staff are friendly and sincere. Whenever he comes into the office everyone calls him by name, asks how his family is doing and makes him feel comfortable. Everyone at All About You Dental would like to "Thank" Bill for being a great patient!

## GRANDMA CLARK'S RECIPE OF THE MONTH

**NEW!** We have decided to share a special recipe with you every week on our website. Simply visit [www.allaboutyoudental.com](http://www.allaboutyoudental.com) each week for a brand new recipe.

My Grandma Clark was a gourmet cook. Back in 1999 just prior to her passing, my wife Jannie and I visited her. My Grandpa slipped us an old shoe box, packed full of her treasured recipes collected over her lifetime. Jannie and I spent the next three years creating a huge 357 page recipe book in her honor. There are now 535 books in print! I decided to share some recipes with you each month as "Grandma's Recipe of the Month". Enjoy, - Dr. Clark

### Pearadise Salad

- 12 canned pear halves
- 1 package (8 ounce) cream cheese, softened
- 2 Tablespoons milk or cream
- Dash of salt
- 2 Tablespoons chopped candied ginger
- Twist of candied ginger

Drain pear halves on paper towels. Mix cream cheese, milk, and salt together until fluffy. Stir in chopped candied ginger. Frost flat surfaces of pear halves with cream cheese mixture; press 2 halves together. Stand upright on a bed of lettuce. Garnish with twists of candied ginger for a stem. Makes 6 salads.

**VARIATION:** Instead of the candied ginger, add 3 t. grated orange rind, 2 T. flaked coconut, and 1 ½ t. sugar to the cream cheese. Use a curl of orange rind for the stem.

## Trivia Contest!

The first three people to call the office with the correct answer will get a free \$5 cup of U-swirl frozen yogurt.

### ...On your kid's oral health

Why is it so important for your kids to come see us regularly? Because keeping their oral health in check now can save you major expense later. Sugary foods and drinks cannot be monitored full-time. When plaque - loaded with bacteria - is not completely removed, it calcifies into tartar that you cannot get rid of at home. We can remove it, preventing and even halting cavities and gum disease.

It's also important to...

- Have your child's bite assessed early to possibly intercept the need for orthodontics down the road;
- Fit your child for a sports mouthguard to prevent and lessen injuries to their teeth, jaw, and head;
- Get maximum insurance benefits by planning for the year...now!

Providing prevention protects your child's teeth. You'll be so glad you did!
